

CHRIST THE KING

BUZZ WORDS

Words matter to everybody, but words matter, especially to Christians. Therefore, we have a duty to know what words mean. If we know what words mean, we can communicate more clearly and less divisively.

The goal of the course is to define and assess some often used, poorly defined, usually divisive words

During each class, a presenter will do the following:

- Define a buzz word or words
- Suggest what people hear when the word is used
- Assess the word from the perspective of the Christian faith.
