Protecting God's Children

Each January, as well as several other times throughout the year, we offer our abuse prevention training, "Protecting God's Children." If you are interested in helping in any way with children or youth at CtK, this training is required. We will be in need of some new Sunday School teachers as well as more volunteers in the toddler room, nursery, and Children's Church, so we would love to have you join us on Sunday. Although the topics we cover are not easy to discuss, they are important for anyone who works with kids, loves kids, or ministers to kids. Register by emailing mlandmeier@ckalexandria.org.

This Month in Children's Ministry

This month, we will kick off with the story of the Magi. On January 13, Education and Formation will resume with three classes for kids - PreK, K-2, and 3-4-5 Charge. I cannot wait to see how your kids grow and learn as they dig into more stories from Scripture.

Thank you!!

December was so very full - both in terms of schedule and in terms of seeing the fullness of God's love. Your kids were wonderful at Lessons and Carols and the Nativity Pageant! Let us continue to celebrate the good news of the incarnation throughout the year.
